GOLF CART SELF INSPECTION ORDINANCE COMPLIANCE

Following is a list of what a golf cart is required to be equipped with in order to comply with the city golf cart ordinance. Indicate next to each requirement if your golf cart is in compliance.

- Brakes
- Steering apparatus
- Horn
- Tires
- Rearview Mirror
- Front and rear red reflectorized warning devices
- Slow moving emblem on rear of cart in conformity with 625 ILCS 5/12-709 of IL vehicle code
- Headlight that emits a white light visible from a distance of 500 feet to the front
- Tail lamp that emits a red light visible from at least 100 feet from the rear
- Brake lights
- Turn signals
- Seat belt for any or all rear facing seated passengers

By signing on the line below you are stating that your golf cart is equipped with the necessary items in order to be in compliance with city ordinance 2010-3 Golf carts on city streets.
